

Assistance for U1

First United Bank & Trust is proud to lead in supporting those affected by recent storms and flooding throughout our communities.

A new fund called “Assistance for U” has been established to accept monetary donations for impacted areas.

100% of funds are given to organizations supporting disaster relief or to purchase necessary supplies.

125 years ago, we started as a small, trusted place for neighbors to build their futures. Today that spirit is still at the heart of everything we do.

Our disaster relief planning and efforts began when the storm hit, and we will continue to deliver on our promise of uncommon service and solutions.

If you are facing uncertainty due to this catastrophic event, early communication with us is important, and we’re here to help.
