

Protect and Manage Your Credit

We are excited to announce our new credit monitoring tool available to you through Mobile Banking!

First United has partnered with Savvy Money to bring you this easy-to-use credit reporting and monitoring tool. This valuable new tool provides your credit score, along with a break down and a grade each section of your report with specific insights to best manage your score.

- Understand the factors that impact your score
- Receive daily credit monitoring alerts for major changes
- Identify credit bureau errors
- Work toward your financial goals

And, unlike most other credit reporting tools, you can refresh your score daily!

To get started, download the latest version of our mobile app so you are presented with the "View Credit Score" option during your next Mobile Banking log-in.
