

Make Medical School Possible

If scholarships and financial aid don't cover the cost of your professional degree, fill the gap in your college expenses with an iHELP® Select Loan.

No In-School Payments Required

Payments may be deferred while enrolled in an eligible school at least half time. We recommend interest only payments to reduce the cost of the loan.

Grace Period

Students will enjoy a 6 month grace period prior to entering repayment, where no payments are required.

Cover Tuition, Housing & More

Students can borrow up to 100% of the school-certified cost of attendance, less any financial aid. This may include tuition, housing, books, and supplies.

Personal Assistance

Upon application, you will be matched with one of our Midwest-based experts who will be a single, consistent point of contact.

Borrower Benefits

- Cosigners may be eligible for release.
- You may qualify to temporarily postpone or make partial payments during financial challenges.
- Receive a 0.25% rate discount for payments made via automatic debit.

No Prepayment Penalty

If life allows you to pay back your student loan early, you won't be penalized with expensive fees you may see with other lenders.

Loan Specifics

- Variable and fixed hybrid rates
- 20 year term
- Minimum loan amount is \$2,500
- Program aggregate limit is \$350,000

“With the iHELP loan, I was able to fill the last gap in what I needed to go to school.”

-Brendon H.
