

The Creative Children's Center is an Approved *Essential Personnel Childcare (EPCC) Site* during the COVID-19 Response. We are currently open and serving families who are deemed as essential and responding directly to the public health crisis. Your child's weekly tuition is covered in full, during this time. We welcome families to give us a call or send us an email to see how we can better assist your family during this time of uncertainty. We are here to serve those, who are on the front lines. We are in this together. We look forward to hearing from you.

Warm Regards,

Brett Bidle
